

Mortar Grinder

Product model: GM/HN-60

Product code: 04160695

Mortar

Product model : GM/JY-100

Product code : 04150329

Parameter :

• Feeding size:	≤8mm
• Discharge size:	≤0,01mm
• Capacity:	≤190ml/time
• Rotating speed:	100r/min
• Motor power:	250W
• Power supply:	220V/50Hz
• Total weight:	42kg
• Overall dimension:	400x350x480mm

Note :

Due to keeping innovation,
the specification and
Machine pictures or color
are subject to alteration
without notice!

Application :

It can be used for grinding ashes, cement clinker, chemical products, coal, coke, food, homeopathic materials, salts, silicates, slag, soils, spices, yeast cells.

Advantage :

- Suitable for miscellaneous material grinding, highly reproductive;
- MCU control, LED display and light control panel;
- Synchronized grinding and feeding and continuously variable time setting;
- The suitable feeding speed can be set with the displayable grinding load rate;
- Equipped with motor overload protection device;
- It can add liquid nitrogen continuously and freeze grinding;
- Full sealed and dust proof of the mortar, visible of the grinding condition;
- Equipped with cleaning device to avoid the sample adhering to the mortar;
- The replacement or mortar is simple;
- Variable material of the mortar can avoid the sample pollution;
- Desktop structure, concise and easy to operate.
- Low noise, easy to clean.
