

Environmental Friendly Hammer Crusher

Excellent equipment for wet coal sample preparation

Application :

It is used for crushing coal, coke or medium hard solid material for component analysis continuously or intermittently by quick impact and auto cleaning.

Advantage :

- PLC intelligent control and touch screen operation, automatic crushing;
- The full automatic sample cleaning device insures no material blocking when the material moisture is less than 25%;
- Equipped with failure alarm system and inquiry system;
- The service life is 3-5 times of the normal one with the special material main parts;
- Eco-friendly design, equipped with dusting device;
- Safety to use and easy maintenance;
- It can work normally on the flat ground without fixing any base.

Product model	GM/PC-400x200AN	GM/PC-400x300AN
Product code	04150232	04150233
Parameter		
• Feeding size	≤150mm	≤150mm
• Discharge size	≤6mm or ≤3mm	≤6mm or ≤13mm
• Capacity	1200kg/h	2000kg/h
• Total moisture of material	≤25%	≤25%
• Motor power	4kW	4kW
• Power supply	380V	380V
• Overall dimension	900x600x1500mm	810x700x1250mm
• Total weight	218kg	300kg
• Remark	Auto cleaning	Auto cleaning
• Cleaner motor power	0.55kW	0.55kW

Note :

Due to keeping innovation, the specification and Machine pictures or color are subject to alteration without notice!

Environmental Friendly Hammer Crusher

Application :

It is used crushing coal, coke or medium hard solid material for component analysis continuously or intermittently.

Advantage :

- The manual sample cleaning device insures no material blocking when the material moisture is less than 25%;
- The service life is 3-5 times of the normal one with the special material main parts;
- Eco-friendly design, no dust leak out;
- Safety to use, easy maintenance;
- It can work normally on the flat ground without fixing any base.

Product model	GM/PC-400x200A	GM/PC-400x300A
Product code	04150208	04150187
Parameter		
• Feeding size	≤150mm	≤150mm
• Discharge size	≤6mm or ≤3mm	≤6mm or ≤13mm
• Capacity	1200kg/h	2000kg/h
• Moisture	≤25%	≤25%
• Motor power	4kW	4kW
• Power supply	380V	380V
• Overall dimension	680x900x1250mm	780x900x1250mm
• Total weight	218kg	300kg
• Remark	Manual cleaning	Manual cleaning

Note :

Due to keeping innovation, the specification and Machine pictures or color are subject to alteration without notice!

Environmental Friendly Hammer Crusher with Divider

Application :

This machine is used for making the coal, coke or medium-hard material samples to the size of less than 13mm, 6mm or 3mm (adjustable) and the weight of 1/2-1/16 of feeding material for component analysis by impact crushing, mixing, dividing and cleaning continuously.

Advantage :

- Auto crushing, mixing, dividing and cleaning, avoiding the manual operating error;
- Automatic cutter-chute division system makes sure the representativeness of sample;
- The service life is 3-5 times of the normal one with special material main parts;
- Safety to use and easy maintenance;
- It can work normally on the flat ground without fixing any base.

Product model	GM/PC-A	GM/PC-B
Product code	04150166	04150174
Parameter		
• Feeding size	≤150mm	≤150mm
• Discharge size	≤13mm or ≤6mm	≤6mm or ≤3mm
• Division ratio	1:2, 1:4, 1:8, 1:16	1:2, 1:4, 1:8, 1:16
• Capacity	800-1500kg/h	300-800kg/h
• Moisture	≤18%	≤18%
• Motor power	4kW	4kW
• Overall dimension	920x830x1400mm	920x830x1400mm
• Power supply	380V	380V
• Total weight	420kg	380kg
