

Abrasive belt grinding machine

Product model : GM/200-B

Product code : 04160213

Application :

The abrasive belt grinding machine is suitable for plane grinding of metal sample, and cleaning sundries, oxide on the surface of metal sample, the instrument is widely used in laboratory and testing department of metallurgy machinery, metal material.

Advantage :

- Reasonable structure design and equipped with dusting system;
- Smooth running of the abrasive belt;
- It is safe to operate and easy to move.

Parameter :

-
- | | |
|------------------------|--|
| • Abrasive belt size : | 1530x200mm |
| • Abrasive speed : | A, 2045r/min ; b, 1430r/min ; c, 1000r/min |
| • Motor model : | Y100L1-4 |
| • Motor power : | 2.2KW |
| • Power supply : | 380V |
| • Total weight : | 320Kg |
| • Overall dimension : | 1135x620x1235mm |
