

Electronic constant temperature drying oven

Advantage :

- Double over-temperature protection;
- Auxiliary heating device makes heating faster;
- Silicon controlled rectifier makes the temperature controlling more accurate;
- Computer temperature controlling can set a certain time;
- Total electro-static coating surface makes good performance;
- Low noise

Product model : GM/808-6-A

Product code : 04130669

GM/808-6-AB

04130689

Parameter :

• Temperature range:	10-300°C	10-300°C
• Temperature fluctuation:	±3°C	±3°C
• Quantity of heating chamber:	6 pcs	6 pcs
• Size of single heating chamber	650x400x300mm	650x400x300mm
• Heating power:	6x2KW	6x2KW
• Blower motor power:	6x0.04KW	6x0.04KW
• Quantity of temperature controller:	6pcs	6pcs
• Power supply:	380V	380V
• Total weight:	800kg	800kg
• Remark:	Normal liner	Stainless steel liner
