

Wet Sieve Shaker

Product model: GM/JKS-300

Product code: 04160140

Application :

It is used for ore powders sieving. Usually it is used in the industries like nonferrous metal, metallurgy, chemic, Geology, building materials scientific research and so on.

Parameter:

Product model :	GM/JKS-300
Product code :	04160140
Parameter :	
• Sifter size:	300mm
• Sifter hole diameter:	200-400mesh
• Sieve layer:	1-3
• Motor power:	120w
• Total weight: about	about 115kg
• Overall dimension:	770x770x1280mm
• Power supply:	220V/50Hz

Advantage :

- Used for the 325 mesh ore concentrates and super fine powder sieving;
- Variable frequency speed regulation, wet vibrating feeding, controllable of the sieve time;
- High sieving efficiency, time saving and easy to operate.
