

Series label sleeving and shrinking machine

APPLICATION

- This machine adopts international advanced technology, cover the circle label on the pet bottle. And then hot shrinking to fix on special the position which bottle body is designed.
- This machine is compact, and suitable for the production line of different direction and different height.
- The machinery part adopts combination designing of modularization, and makes the machine reasonable. The height adjustment adopts motor fluctuating; it is convenient to replace the material, The special cutter head design, makes the film-rolling cut more exactly and reliably.

Note :
Due to keeping innovation,
the specification and
Machine pictures or color
