

ZSB-420B Dimensional Paper Packaging Machine

Note :
Due to keeping innovation,
the specification and
Machine pictures or color
are subject to alteration
without notice!

The machine through a series of mechanical structures inside the machine be modified and completed a specialty packaging machine. The following production volume on A4 paper, card for automatic packaging machine uses frequency conversion stepless speed regulation, PLC programming control, HMI, gathered light, electricity, machines, air, instrument as a whole. Wrapping paper available color sealing film, color paper and glue, is a reasonable structure and advanced technology, new automatic packaging machine.

Product Parameters:

Production capacity	10-18 bags / min
Packaging Materials	Sealing transparent film, color film, color printing on adhesive tape, coated paper
Packing	Length 150-320mm wide 50-210mm high 15-80mm, A4 copy paper
Power Supply	220V 50-60Hz
Total power	4.5 kW
Weight	1000 Kg
Dimension	Length 2300mm × width 960mm (3000mm) × height 1950mm
Working Pressure	0.4MPa
