

MACHINE FEATURES

MEGADYNE BELT made in Italy, it has strong anti-abrasion force, to ensure its ability to maintain good running at a high load drive.

Adopts THK 20mm low noise guide rail with dual sliders, more durable and reliable for high precision printing.

Anti-collision performance, When the sensor installed on the both sides of the carriage detect that the position of the print head is lower than the thick medium, the carriage will initiate an immediate stop to protect the print head.

Note :
