

XF-LF Electromagnetic Induction Aluminium Foil Sealing Machine

Product character :

Made in Stainless steel material, High stability and excellent quality with manual control operation system, it is easy and convenient to operate. High powder output circuit cooling system, and advanced alarm setting. superior quality make the machine economic.

Field of application :

Sealing bottles made of PP,PE,PS,PVC and glass jar, etc in the food, chemical and pharmaceutical industry; Suitable for large scale production, stability and practicably.

Technical Parameter

Voltage	220V/50,60Hz
Power consumption	1300W
Size of container	15<Φ<45mm
Dimension	1450*500*1320mm
Capacity	0-6000pcs/hour

Note :

Due to keeping innovation, the specification and Machine pictures or color are subject to alteration without notice!

XF-TB Automatic Self-adhesive Labeling Machine

The machine is applicable for labeling Columned or square plastic bottles, glass bottles or similar container in food, light, pharmacy, and chemical industries, the machine has the processes of feeding bottles and labels separating, labeling and legible batch numbers marking.

Technical Parameter

Labeling Range :	Φ20~100mm
Working Capacity	80~200B/MIN
The inside diameter of label-roll	Φ76mm
The outside diameter of label-roll	Φ300mm
The lenght of label	20~200mm
The height of label	20~100mm
Power	200V/50Hz 250W
Dimension	1820x1100x1500mm
Weight	200Kg
