

## ABS Making Plate Machine

**Width : 1500mm, Thickness : 2~8mm**

**Note :**  
Due to keeping innovation,  
the specification and  
Machine pictures or color  
are subject to alteration  
without notice!

Machine list of this line:

| NO                             | Name                           | Quantity |
|--------------------------------|--------------------------------|----------|
| <b>ABS sheet plate machine</b> |                                |          |
| 1                              | Single screw extruder:SJ150/33 | 1        |
| 2                              | Automatic feeder :ZJ600        | 1        |
| 3                              | Hopper dryer:STG-U800          | 1        |
| 4                              | Mould                          | 1        |
| 5                              | Hydraulic screen exchanger     | 1        |
| 6                              | Three-roller calendar          | 1        |
| 7                              | Roller temperature controller  | 1        |
| 8                              | Cooling bracket                | 1        |
| 9                              | Haul off machine               | 1        |
| 10                             | Cutting machine(By saw)        | 1        |
| 11                             | Stacker                        | 1        |
| <b>Auxiliary machine</b>       |                                |          |
| 12                             | Drying mixing machine          | 1        |
| 13                             | SWP600 Crusher                 | 1        |
