HND, built in 1958, specialized in manufacturing L12~180 and 42~160 diesel engines at beginning. It introduced the licensed technology from DEUTZ-MWM Company, Germany in 1985 and has produced series MWM234 diesel engines in V6, V8 and V12 and series MWM604BL6 diesel engines and TBD620V8, V12 and V16 diesel engines. It has researched and developed series TBD236 and TBD620L6 diesel engines and gas engines with its own intellectual property. In 2007, HND obtained the license of manufacturing L16/24 and L21/31 engines from MAN B&W Co., and begins batch production in 2008. At present, the output of diesel engines covers 110kW~2336kW and that of diesel generating sets covers 80kW~1700kW.
