

Portable Series Crusher Plant

Portable Series Crusher Plant is developed according to novel series stone crushing equipment's design idea, which expands the concept field of coarse crusher and fine crushing. Its design idea is based on the client's requirements, which removes the barriers result from the crushing place, surroundings and the complex basic configurations. This series mobile crusher plant really supply simpler, higher efficient and lower cost machines for clients.

- **The excellent performance of portable type series mobile crusher.**
- High performance jaw crusher, impact crusher and cone crusher.
- Feeder, belt conveyor and vibrating screen are all in one.
- Turn axle of traction is convenient for road transit and expanding the working place.
- Vehicle installational supporting is easier for equipment to station in the working place.
- Vehicle electric generating set, motors and control box are all included.
