

Sand Washer introduction

Sand washer is a high-efficiency sand washing machine, which adopts advanced technology, and combines the practice situation of gravel industries. It features high washing performance, reasonable structure, high capacity and less waste sand. Moreover, its driving part is isolated with the sand and water, so its fault rate is lower than the ordinary sand washers at present. It is the best choice for upgrading the sand washer in our country.

Main Technical parameters

Model	Gx2000	Gx2600	Gx2800	Gx3200	Gx3600
Capacity (t/h)	8-40	20-100	30-150	100-280	130-460
Return sand capacity (t/h)	3-8	8-20	5-15	15-40	30-60
Power (kw)	4	5.5	7.5	11	15
Weight (t)	1.9	3.5	5.1	8.8	14.2
