

SRF PRODUCTION PLANT

SRF SHREDDERS

1. Compact and robust design
2. Shreds any combustible material
3. Produces uniform particle size in on single phase.
3. Protected from tramp metal injures by Massive Impact Protection System.
4. Adjustable counter-knife system.
5. Low operating and maintenance costs.

SRF FINES SCRREN

1. Separates sand, soil and other fines
2. Reduces the content of ash, humidity, chlorine and heavy metals.
3. Rotating shafts with rubber starts.
4. Adjustable throughput with sped and star grap.
5. Low operation and maintenance coasts.

SRF FINES SCRREN

1. Separates inert material like glass, stones, ceramics, rest metals and organics
2. Produces a clean light fraction.
3. Online adjustable.
4. Low operating and maintenance coasts.

Note :

Due to keeping innovation, the specification and Machine pictures color are subject to alteration without notice!
