

Auto Panel Saw

Note :
Due to keeping innovation,
the specification and
Machine pictures or color
are subject to alteration
without notice!

The new auto panel saw from holytek, with an advanced carriage system, features a saw carriage which moves on hard, chrome plated guide rods. This guarantees accurate, straight movement and maximum cutting accuracy. The easily controlled rip fence may be micrometrically adjusted from 35 to 1,200mm. Vertical and lateral adjustment and the return is accomplished in rapid traverse. All this, combined with innovative safety features, present a dependable machine also at an economical price.
