

-BAR CODE PRINTER
Allows for editing contents as desired.

Note :
Due to keeping innovation, the specification and Machine pictures or color are subject to alteration without notice!

OPTION EQUIPMENT

***PC COMPUTER CONTROL**
-Optimized cutting functions.
-Cutting Condition simulation functions.

***Floating Clamps**
-Designed for reducing panel scratching to a minimum.

FEATURES

JAPAN-IMPORTED 10" TFT COLORFUL TOUCH SCREEN

- The computer features self-diagnostic function.
- Chinese/English display conversion for increased flexibility.
- Size Error can be compensated by the machining home position.

PRESSURE MECHANISM

- Double Pressure Beams.
- Tail cutting error is ensured.
- Allows for clamping cutting in case panel size is over 30mm.

MAGNETIC SCALE

The machine employs Germany-imported high torque speed reducer combined with the use of a magnetic scale and Japan Panasonic servo, that assure extra high positioning accuracy through double comparisons.
