

FH Series Automatic & High speed Corrugated Folder Gluer

Introduction

Through the micro-computer operation upon the main parts of the machine, it is very easy to run the electronic controller. It adopts transducer, motor, timing belts and so on, so that the machine could run well with little noise. Besides these, the above frame made of aluminium profile is convenient to adjust and run in a stable condition. Two-wheel gluing system has the characters of more stable gluing, quality assurance, cost saving. In order to monitor the quality and check the producing process, we install the electronic eye and monitor system of display screen. Our machine is mainly applied to paper board, A/B/E corrugated package carton, outside carton for beer, food, beverage, milk products and so on. Due to easy adjustment and operation, high efficiency etc, this machine is the right one for expansion of your business.

Technical data

Model	Speed(m/min)	Power(kw)	Dimension(mm)	Weight(t)
FH-550	300	10	1100×1200×1500	4.5
FH-800	300	15	1500×1500×1700	6
FH-1100	250	18	1520×2000×1700	7
FH-1450	250	20	1600×2300×1700	10
FH-1600	250	22	1620×2500×1700	11

Note :

Due to keeping innovation, the specification and Machine pictures or color are subject to alteration without notice!

Optional:

Glue Gun Spray System

Plasma Surface Processor
