

## GLUING MACHINE

No. 0701

JSB-720 Stainless steel  
adjusting speed glue machine

No. 0702

GYP-720 The gun tube  
type flattens machine

No. 0703

Glue machine series

| Specifications     |             |
|--------------------|-------------|
| Model              | JSB-720     |
| Max. length        | 700         |
| Thickness          | 0.03        |
| Electric voltage   | 220         |
| Speed range        | 0-200r/min  |
| Overall dimensions | 980x410x360 |

### DESCRIPTION

JS Gluing machine

1. JS Gluing machine is mainly used in high-quality printed boxes and cartons.
2. It's also used in the tissue, leather, and corrugated paper, and gluing variety of fiber papres.
3. JS Gluing machine is without heating function.
4. The transmission adopts stepless speed regulating, and the speed can be adjusted according to different paper, the glue plate rises and falls, and other structures, each shaft uses stainless stell, is suitable for different thickness of paper. Therefore, its outlook is exquisite. It has stable performance, sensitive transmission, low noise, high efficiency, low labor intensity status merit.

Note :

Due to keeping innovation,  
the specification and  
Machine pictures or color  
are subject to alteration  
without notice!

### DESCRIPTION

RJS Gluing machine gluing machine is one kind mainly used in printing the high-quality goods boxes and cartons, also to the tissue the leather, the corrugated paper glue special purpose equipment, as well as with a variety of fiber paper. The machine transmission adopts stepless speed regulating, and the speed can be adjusted according to different paper, the glue plate rises and falls, and other structures, each shaft uses stainless steel, is suitable for different of paper. Therefore, its outlook is exquisite. It has stable performance, sensitive transmission, low noise, high efficiency, low labor intensity status merit. Meantime, the company develops the heating gluing machine according to the hot melt glue; it can heat with hot melt glue and environmental friendly glue.
