

## Specifications

### Specifications:

| FINGER ASSEMBLER                  | F-A01                    |
|-----------------------------------|--------------------------|
| range of work piece               | 20-100 mm                |
| range of work piece               | 30-200 mm                |
| feed drive motor                  | 2 HP – 5 HP              |
| hydraulic pump motor              | 10 HP                    |
| for sizing saw                    | 7 ½ HP                   |
| max. assembly pressure            | 0-100 kg/cm <sup>2</sup> |
| dust hood outlet                  | 101.6mm(4")              |
| join press length                 | 6480mm                   |
| joint press width                 | 1130mm                   |
| joint press height                | 1450mm                   |
| feeding speed                     | 5-15 m/min               |
| length of length control conveyor | 3000mm                   |
| width of length control conveyor  | 2438 mm(8")              |
| height of length control conveyor | 837 mm                   |
| packing dimensions                | net weight               |
| 661x115x140 mm                    | 2500kgs                  |
| 334x115x103 mm                    | 300kgsx2                 |
| 152x115x173 mm                    | 400kgs                   |
