

THE SERIES OF ML-Q CREASING & DIE CUTTING (WITH HYPERBOLIC CURVE HOOP)

Note :

Due to keeping innovation,
the specification and
Machine pictures or color
are subject to alteration
without notice!

The newest design of Guiyang brand product:

The series of ML-Q Creasing & Die cutting machine (with hyperbolic curve hoop).

Major Features :

It adopts hyperbolic curve hoop to make the pressure even.
It adopts high quality material and high tension of casting,
It adopts four-shaft bevel wheel structure with steady operation, great cutting,
low noise.

It adopts adopt air brake clutch with flexibility, reliability and safety
Connecting rod adopts 45# carbon steel with high strength.

Sound and layout of its height, gear angle of frame.

It adopts micro-adjusting gear device with high precision

Electrical system is designed according to IEC standard.

It has three functions for single slitting, successive slitting, time delay, its scope
can be adjusted

Safety protection system is reliable.

Concentrated lubricating system.
