

B. Cutting Machine

(I). The Main Function and Characteristics

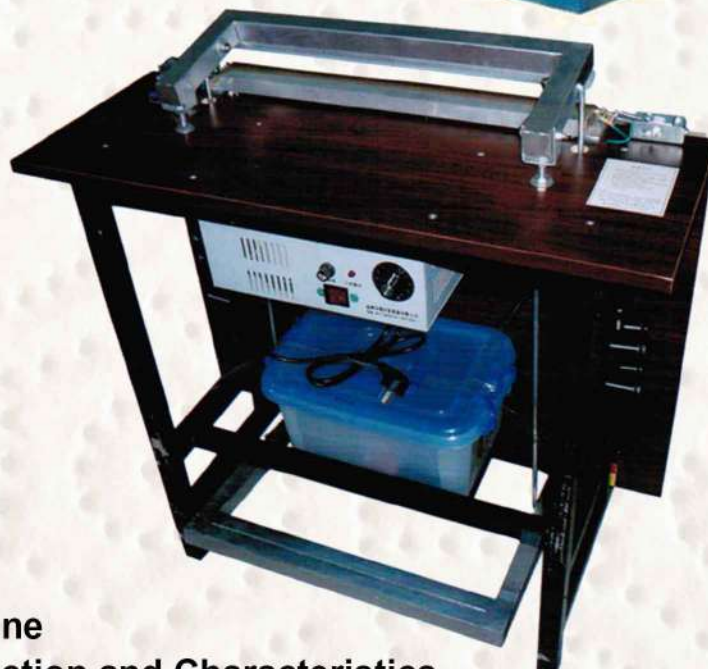

Band-saw Paper cutting machine can cut tissue roll(which is rewinded into desired diameter) into different length. Which is an important paper process machine.

(II). Feature

- (1) Easy to operate and maintain
- (2) Low noisy
- (3) Power saving
- (4) Cutting paper neatly
- (5) Automatic blade sharper

(III). Main Technical

- (1) Max diameter of base paper roll 300mm
- (2) Blade length 3750mm
- (3) Blade width 40mm
- (4) Wheel diameter 440mm
- (5) Working speed 160-240m/min

Note :

Due to keeping innovation, the specification and Machine pictures or color are subject to alteration without notice!

C. Sealing Machine

(I). The Main Function and Characteristics

For high labor intensity and low working efficiency and many deficiencies in general workers at present sealing operations, this machine is equipped with built-in magnetic absorbing system; sealing and cooling time can be regulated automatically, which can reduce labor intensity greatly and overcome a series of problems in artificial use, greatly improve work efficiency and quality of seal.
