

Mesin Emboss Kertas Full Otomatis

Machine details:

The machine is a fully automatic flat embossing machine developed on the basis of the original artificial paper feeding and delivery embossing machine, automatic paper feeding, automatic embossing, automatic paper delivery, automatic full-range control; the whole machine adopts frequency conversion speed regulation, adjustable working speed, double control, automatic counting, air knife device, automatic hydraulic system, etc.; the average speed of the machine can reach: 3000-5000 sheets / hour, suitable for all kinds of bulk packaging products, poker, greeting cards, gold and silver Flat sheet embossing such as paper jam.

The main technical parameters:

Model	920	1150
Max speed	80m/min	80m/min
Max embossing width	900*750mm	1070*750mm
Paper thickness	More than 200gsm	More than 200gsm
Working pressure	2-10mpa	2-10mpa
Power	380v, 7kw	380v, 8kw
Machine weight	4200kg	4400kg
Dimension	6800*2000*1800mm	6800*2200*1800mm
