

PRY-670 Precise Electric Paper Cutting Machine

Features

1. With CE Certification;
2. Imported main motor, pushing paper motor provide the core guarantee for the machine;
3. Independent design of pressing, cutting paper, more reasonable, more convenient;
4. Infrared wall as well as multiple safety switch protection;
5. Strengthened blade frame, excellent blade ensure cutting precision, and the blade frame;
6. Front and back double slide ways stable and little abrasion;
7. Double pushing paper bars ensure pushing precision;
8. Left and right back gauge meet different cutting requirements;
9. Bright light beam, convenient and applied;
10. Transparent safety guards as well as safety switch are available for your choice(meet UL.CE standard);
11. Program-controlled design: arbitrary setting before and after the knife, 8*9 programming sections;
12. Imported knife with 8 re-use design is durable and economical;
13. The external cutter depth can be arbitrarily adjusted which is convenient and practical;
14. Durable stainless steel front plate;
15. Cutter space and pressing paper frame space can be adjusted to ensure cutting accuracy;
16. Equipped with tools for taking knife tools, sorting out paper, etc.

Note :

Due to keeping innovation, the specification and Machine pictures or color are subject to alteration without notice!

Technical data
