

Facial Tissue Single Channel Log Saw Cutting Machine ZD-L150

Features

- Apply to automatic cut off facial tissue, hand towel, toilet rolls(paper core needed to customized).
- It adopts Siemens PLC and men-machine interface operation system, can be flexibly changed the time of sharpening, cutting speed, cutting length.
- With safety protection designed, it is safe and reliable operation.
- Using the inverter speed control and servo tracking control system, combined with the light, electricity and gas, the cutting length is accurate and the finished product is neat.

Technical Parameters:

Cutting specifications	H 20-110mm(adjustable), W 80-120mm
Cutting length	Free setting
Speed	60-150 cuts/min
Size of the round knife	φ610mm
Power supply	Three-phase four-wire 380V 50Hz 10kw
Air pressure requirement	0.5-0.8Mpa
Air consumption	100-160L/H
Main Machine size	L2236×W1700×H1815mm
Weight	2800kg

Note :

Due to keeping innovation, the specification and Machine pictures or color are subject to alteration without notice!
