

Horizontal Bandsaw Double Column

Double column horizontal band saw

Feature:

mainly used for all kinds of sawing large material, have high efficiency high precision save material saving energy etc.

- * Double column structure vertical lifting high stability working table;
- * Adopts linear guide rail and high precision;
- * Double oil cylinder control, to operate smoothly;
- * The hydraulic pressure controls the speed of saw stepless speed regulation;
- * The clamp of workpieces and hydraulic, control easy;
- * Electric automatic feed.
