

QC 11K

HYDRAULIC SIMPLE CNC GUILLOTINE SHEARING MACHINE

FEATURES:

1. Machine equip with servo CNC system
2. CNC system with one axis, dual axes and three axes function, according to user requirements, more details, please refer to CNC instructions.
3. Back gauge with ball screw, linear guide and servo motor.
4. Hydraulic valve-Rexroth, Germany. electrical device-Schneider, France. high performance gear pump, stable and reliable.
5. Make pneumatic support according to user requirements, with higher shearing precision.

Note :

Due to keeping innovation, the specification and Machine pictures or color are subject to alteration without notice!
