

Pembuat Cotton Buds

Technical Specification

Item	Specification
Output	800-1000 branches/ min
Power	11 KW
Weight	1800KG
Shape Size	9.2*1m*1.6m

Introduction of machine:

1. Using PLC program control, using semi-closed warm air drying technology, drying water in operation, then the vacuum suction manipulator automatic packaging equipment controlled by serva motor completes the packaging link, realizing the one-stop process from teeth opening, cotton crushing, shaping, drying to packaging.
2. The cotton swabs produced by the small machine with wide teeth are transferred to the drying conveyor belt .The swabs are handed over smoothly and the produced swabswill not get stuck.The semi -automatic to automatic drying and packaging functions of the minicomputer are realized

Main accessories list:

Item	Specification
Main Motor	Shanghai Weihu
Servo Motor	Wuxi Xinjie
Touch Screen	Maintenance Control
PLC	Domestic Single
Cylinder	Tianao
Solenoid Valve	Tianao

Note :

Due to keeping innovation, the specification and Machine pictures or color are subject to alteration without notice!
