

Air Jet Jacquard Loom

QLA - 706

Note :

Due to keeping innovation,
the specification and
Machine pictures or color
are subject to alteration
without notice!

Is a suitable for weaving jacquard fabric, multi-color fabric of high performance jet looms, cotton, wool, silk can be used, Ma, chemical fiber and other raw materials, weaving fabric with high added value, reed width can reach 190-360cm, the machine adopts electronic let-off, electronic take-up, speed up to 350-650rpm. Application of 2688 needles, 5012 needles and other electronic jacquard shedding, weft accumulator can choose double to six spray, bilateral six Linkage Beating-up, high degree of automation, adapt to a wide range of.

Technical parameters

Reed space	: 190, 230, 280, 340, 360 (CM)
Weft selection	: double, four, or six nozzles free weft selection
Power	: super start, through electromagnetic brake, angle parking
Motor	: 5.5kw, 6.5kw, 7.5kw
Speed	: 350 – 650rpm
Weft insertion	: main, auxiliary nozzle with profiled reed electromagnetic valve control
Shedding	: 2688pin, 5012 pin, electric jacquard shedding
Let-off	: electric let-off, disk diameter ϕ 800 (ϕ 914)
Take-up	: electric, maximum roll diameter 600
Beating-up	: six linkage beating-up
Selvage	: planetary leno edge
Cutter	: mechanical (middle scissors can be added)
Oil supply	: oil bath type for the big box, let-off, take-up box, the other by centralized supply
