

VGI

**SPEEDY CROCHET  
MACHINE  
JYC 610/B8**

**Elastic Knitting Band**

**Note :**  
Due to keeping innovation,  
the specification and  
Machine pictures or color  
are subject to alteration  
without notice!

Features

- A needle bar drive arms
- Adoption of foreign-built enclosed bearings and rubber rollers as well as needle bed
- Scientific in structure, small in vibration, low in noise, easy to adjust and operate
- Strictly comply with international standards on noise of electric parts and safety of operation

| Accessories                                          | Qty.   |
|------------------------------------------------------|--------|
| Auto Stoppage System for Yarn Breaking               | 1 sets |
| Frequency-variable Speed Control System              | 1 sets |
| Self-stoppage System for Abnormal Winding            | 1 sets |
| Auto Oil Circling System                             | 1 sets |
| Tri-roller Feeding system for Elastic Material       | 2 sets |
| Double-edge Winding system for Finished Product      | 1 sets |
| Steel Rees for Warp and Weft                         | 1 sets |
| Stop Indicator                                       | 1 sets |
| Yarn Frame 200-position 10-Pan Head Frame (Optional) | 1 sets |

Technical Data

Warping Breadth : 30inch (760mm)  
Needle number : Needles Perinch (optional for 10/12/14/15/16/18/20)  
Weft Guide Bar : 3pcs  
Max. Breadth of Fabric : 70mm (optional for 125mm/250mm)  
Motor Power : 1.5Kw  
Speed : 1.500rpm
