

MULTIFUNCTION CUTTING MACHINE

- ◆ Multifunction cutting machine adopt Ultrasonic cutting and crush cutting blades exchange cutting style, operate easy, just need rotate the switch in operational panel.
- ◆ The ultrasonic system adopt Germany vibrates parts, frequency 20Khz, ultrasonic cutting fabric into a perfect edge seal, no burn mark or fray edge.
- ◆ The crush cutting using rolling type& crush cutting, the blade holder could be adjusted, blade with high resist wear advantage.
- ◆ infrared light avoid any hurts, safe and reliable.

TECHNICAL PARAMETERS

Max cutting width	3.2/4.2 m
Power	220/110 VAC 50/60Hz
Rated power	2.2KW
Work pressure	0.4 ~ 0.6Mpa
Dimension(L*W*H)	4200x950x1100mm(3.2 m)
Weight	980KG(3.2m)
