are subject to alteration
without notice!

◆ Purpose and feature of the machine

This high-performance single needle-bar Raschel warp knitting machine has been developed for many kinds of net fabrics such as knotless fishing net, protective net, sports net, purse net and garment net. The machine is equipped with the opened cam gearing to drive the knitting elements and the negative yarn let-off system.

◆ Technical Data

Working needles: Latch needles (the needle can be mounted on bed in block or inserting separately)

Machine gauge: E2, E3, E6, E7, E8, E9, E12, E14, E16, E18

Number of guide bars: 2-8

Nominal width: 42", 80", 110", 125", 135", 150", 180", 195", 220", 260"

Fabric batching device: 2 rollers with friction drive

4 rollers with friction drive

center shaft drive

2 rollers with friction drive, separately-standing

center shaft driven, separately-standing

Beam support: 21" and/or 17" sectional beams
