◆ Purpose and feature of the machine

This high-performance single needle-bar Raschel warp knitting machine has been developed for many kinds of net fabrics such as knotless fishing net, protective net, purse net, olive net, shading net and garment net. The machine is equipped with the opened cam gearing to drive the knitting elements and the 3-roller positive yarn let-off system.

◆ Technical Data

Working needles: Latch needles (the needle can be mounted on bed in block or inserting separately)
Machine gauge: E6, E7, E8, E9, E12, E14, E16,
Number of guide bars: 2-8
Nominal width: 42", 80", 110", 125", 135", 150", 180", 195", 220", 260"
Fabric batching devices: 2 rollers with friction drive
4 rollers with friction drive
center shaft drive
2 rollers with friction drive, separately-standing
center shaft driven, separately-standing

Machine Type	Machine Size(L×W×H)(mm)	Machine Weight (Kg)	Power Supply (KW)		Machine Speed(rpm)
			Main Motor	Incubating Motor
