

GTJ Series Chocolate Sprayer Machine

GTJ Series chocolate sprayer machine is our new design combined the chocolate tank, pumps together on one movable cart to make it easier for production.

All the tanks are made as below:

1. Internal wall thickness 3mm-304 stainless steel.
2. External wall thickness 3mm-304 stainless steel.
3. Chocolate tank stirrer to have clearance to tank walls of only 5mm, including bottom of tank.
4. Electric heating auxiliary hot water heating.
5. With water level gauge and manual discharge valve.
6. The pump and the tank connection pipe should contain hot water insulation layer, the diameter of the chocolate pipe is 51mm, and the total diameter of the hot water insulation layer is 76mm.
7. With electric control box.
8. Equipped with chocolate return pipes, so that when work finished, chocolate in pipes can flow back into the tank
9. The cart equipped with wheels.
10. Cart equipped with pipe and chocolate sprayer head.
