BASIC PARAMETER:

Total power fitted	1.5 kw
Pouring speed	42 times/min (i.e 3.5 trays)
Production capacity	60 kg/h (mylikes chocolate cores)
Weight of the machine body	500 kg
Boundary dimension	1700*1100*1380 mm

This machine is a special equipment for pouring mylikes chocolate core syrup, it is used to pour the syrup into a wooden tray containing starch in it. The pouring nozzles of machine are arranged in two rows, each time 104 cavities are poured with the wooden trays fed in a automatic way; and 1 wooden tray has 648 balls, the product of 24 rows multiplied by 27 balls; so the efficiency is doubled in comparison with the single-row structure.
