

Cold Room Storage For Meat and Fish

Frozen meat storage is a scientific solution for preserving the perishability of meat foods. Meat foods lose their use value due to enzyme decomposition, oxidation and microbial growth and reproduction. Freezing can inactivate enzyme decomposition, slow down oxidation, and inhibit microbial growth. Make the meat food is dormant, and the original quality is maintained after several weeks or even months of product production before being consumed. Many countries have specified that frozen foods, manufactured goods and aquatic products must be transported at temperatures of -18°C or lower. Meat cold storage frozen meat products are: frozen meat, poultry, beef, lamb, pork, chicken, duck, goose, fish, seafood and other meat products.

Product Features

Storage Capacity: Customized (according to customer request)

1. The cold storage of meat is made of colored steel plate or stainless steel plate. It is non-toxic, tasteless and rust-free. It can reduce the heat transfer caused by the temperature difference between internal and external, so as to achieve the maximum efficiency of cooling and freezing system.
2. Good thermal insulation: meat cold storage using advanced composite materials as insulation material to make composite slab, its light weight, high strength, good thermal insulation, corrosion resistance, anti-aging, anti-mite, non-toxic, not mildew, in It can show its superiority at ultra-low temperature.
3. Refrigeration equipment energy saving, low noise: meat cold storage using world famous brand refrigeration compressors, low energy consumption, low noise.

Advantages of Meat and Fish Cold Storage Room

Fish and Meat cold room is used for long-term meat products preservation. The temperature is below -18°C . Under certain environment, meat will last for much longer. Our fish and meat cold room is able to cool down the temperature in a short time. Meat will be frozen quickly, thus its freshness is kept properly.

Note :

Due to keeping innovation, the specification and Machine pictures or color are subject to alteration without notice!
