FEATURES

- Heavy-duty CNC nesting centre, with CNC router function.
- Machine body with special heat process, no deform.
- Suitable for specialized and mass production
- Reserve information production interface, single machine cloud directly connect to our intelligent information production unit, upgraded to AI system.

Heavy-duty machine body with heat treatment no deforms.

Large - capacity vacuum chamber, a strong adsorption when processing.

Equipped with HSD 5+4 drilling box.

Automatic labeling system, error-free and quick labeling.
