

Holographic Sticker Making Machine

Also known as:
Laser Holographic Embossing Press

This machine works to make rainbow holographic pattern Al-plated PET film by embossing way which is brilliant in color, vivid and lifelike in designed pattern, strong in 3D effect with a dynamic vision under any lighting source and angle. Being excellent in anti-counterfeit performance, the processed film is suitable for labeling or packaging cigarette, wine food drugs and other light-industrial products.

Specification

Working Web Width	320 mm
Embossing Speed	1500 - 3000 Cycle / Hour
Driven Style	Servo Reduction Motor
Control System	PLC Control
Unwind and Rewind Diameter	250 mm
Heating Temperature	80 ~ 120°C
Total Power	4 kw
Hydraulic Pressure	2.5 mpa
Positioning System	Servo Motor Position Control
Clean Model	Dust Remove Roller
Overall Dimension	1400 x 900 x 1400 mm
Total Weight	800 Kg

Feature

1. Automatic web-guiding unwind
2. PLC Touch Screen Controller
3. Working plate or film break off automatic stop
4. Plate distance is freely adjustable
5. Compact structure, easy installation
6. Dust removing roller
7. Embossing precision: 0.15mm
