

PRINTING MACHINE

No. 0128

WJMQ-320 Adhesive Sticker Trademark Automatic Die-cutting Machine

STRUCTURE FEATURES

Flat pressured flat high-precision die-cutting, slicing and dragging materials are controlled by computer-servo. Both sides and vertical surface of printing mark are tracked precision positioning by the three electric eyes Die-cutting, collecting waste, slicing or automatic labeling machine and rewinding complete at the same time.

Our product is very suitable for die-cutting paper sticker trademarks, polyester films trademarks and laser anti-counterfeiting trademarks.

It is the best set of equipment Matching Web-rell trademark printing machine. Flexo printing presses, Continuous silk screen machines.

Intaglio printing machine and laser anti-counterfeiting trademarks printing press.

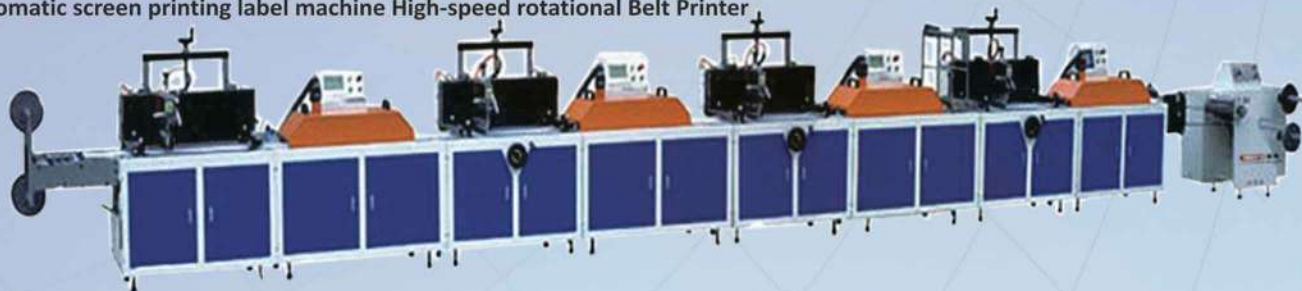

It is the best equipment for die-cutting and molding which is a wide range application in the electronics industry, adhesive tape products industry.

Specification	
Model	ZXMQ-320
Die-Cutting Speed	20-150times/min
Max. Unwind Diameter	450mm
Max. Web Width	320mm
Max. Die-Cutting Width	300mm
Max. Die-Cutting Length	290mm
Precision Alignment	±0.1mm
Power	220v±10%/3kw
Weight	1500kg
Size (mm)	2800x950x1400

No. 0129

Automatic screen printing label machine High-speed rotational Belt Printer

No. 0318

ADB-V Bridge, lip, slice, cut and bend function

Specification	
Model	ABD-V (Auto Coil-trolley)
Machinery size	2000x700x1200mm
Machinery weight	480kg
Power Supply	Single phase 220v
Power	1.8kw
Support files format	DXF, AI
Temperature	5°C-35°C
Air-pressure pump	≥6kg/cm ² pressure, diameter 8mm of gas tube
Blades highness (att.)	23.80mm
Blades thickness (att.)	0.71mm
Bending mould outside diameter	28mm
Max bending angle	90 degree
Min bending arc diameter	0.5mm
Max. bending arc diameter	800mm
Cutting shape	Twist off, twisting, lipping 23.8mm (att) straight line
Notching (att.)	Width 6mm high 18.8mm
Auto coil-trolley	with auto coil-troll (optional to change to auto coil-trolley)
Att: It would be as per clients require to make the size.	

No. 0319

ZXWD-4 Computerize Automatic Bending Machine

DESKRIPTIONS

Adopting bending then cutting mode, be guaranteed for bending accuracy;

At the same time, can process bridge, lips, cutting and bending, It's really multi-fuction auto bender, high efficiency;

Easy operation interface, suitable for all person;

Option with elevated bobbin cutter table, easy change, suitable with requirement of more die-cutters' using.

Note :

Due to keeping innovation, the specification and Machine pictures or color are subject to alteration without notice!
