

JY1 Model Measuring-Meter Printer

Features and Application

Model JY1 Measuring & Printing Machine is mark Printing Facility for wire and cable processing industry. It is faxed on the Auxiliary facility for cable production line. This machine has applied Passive hot pressure print type, measuring is precise, factory name, Trade marks, models, etc. can be printed on outside surface of plastic tubular material.
Property : It has such advantages as simple operation, stable quality, cheap price, etc

Note :

Due to keeping innovation, the specification and Machine pictures or color are subject to alteration without notice!

Main Technical Parameter

Applicable wire, diameter pipe mm	Φ12-Φ650
The length of the meter mm/m	±0.5
Control Accuracy Power °C	±5
Power Kw	4.5
Power Supply	3Phase50Hz
Dimensions mm	1700x810x2690
Weight Kg	250
