

Double-Side Printer 77802

EPSON SERIES

Innovation Never Stops

The Legend Carries On...

Note :

Due to keeping innovation, the specification and Machine pictures or color are subject to alteration without notice!

Low price competition is not a sensible method to win the market share! As a professional manufacturer, we lay great emphasis on technology! Especially, the mature technology is the core factor to create good business opportunities for a win-win situation between our factory and our customers! Our MT-Starjet 77802L double sides printer for backlit display printings continues to renew the innovation of Made-In-China large format printing machines!

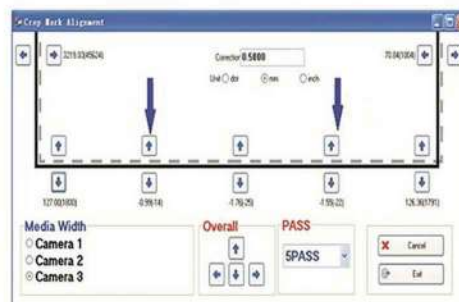

Double Sides Printing Becomes Much Easier

Thanks to the unique self-developed technology which allows the user to print the reverse side just as easy as normal printing. Our double sides printer, almost no need of manual operation, enables unparalleled good print quality and level-up micro-piezo fine droplet printing technology which achieve matchless eye-catching printouts, nearly 40% more vivid color compared with single side printing and about 30% more vivid colors compared with overlap printing.

Real Time Tracking&Correction

With multiple high precision cameras and new advanced algorithm on real time data tracking, our printer effectively ensures the reverse side printing with less than millimeter distortion even for 320cm (10.5ft) printing.

Moreover, the seven calibration reference points on our IPrint Console Software for the pre-correction on different medias allow our customers to print on much more types of medias!

High Efficiency and High Production

Both our feeding and take-up systems are fully automatic, which only need one technician to operate. Our feeding and take-up systems are exactly the same, they can interchange easily for you to change the side fast!

With advanced technology, humanized design, intelligent alignments, 52sqms/h fast speed and economical costs, our new MT-Starjet 77802L double sides printer is sure to bring good printing business for you.
