

WTKY

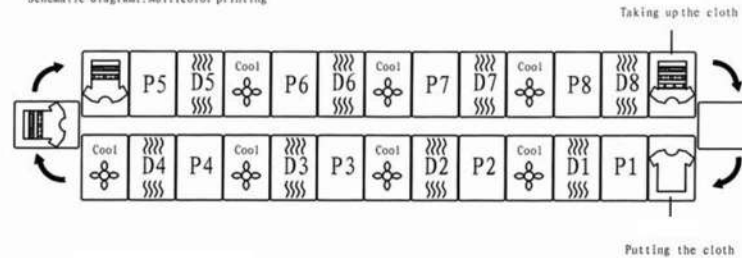

WTKY Series Full Automatic Oval Screen Printing Machine

1. **Advanced and Reliable:** It adopts advanced PLC control system, providing powerful and convenient automatic operating procedures for the machine. Precise servo motor, accurate positioning device and frequency conversion synchronous linkage control system insure the whole machine rotating smooth automatically, accurate positioning automatically and printing constant speed automatically.
2. **Multiple work tables:** Using the process of printing, drying and cooling, can produce various sizing agent, especially suitable for mucilage, ink, thick edition, discharge print ink, foaming, water slurry etc.
3. **High production:** One machine could print multicolor; it could be used all-purpose with little chromatically. It only needs three people to operate, decreasing labor cost, and increasing production efficiency.
4. **Prevent the mesh jam:** Cooling process could effectively reduce plug of net by water-based adhesives. It can install the ultrasonic humidity-added machine to prevent the mesh jam. Wipe version is simple and convenient.
5. **Human-machine interaction, easy operation and more Humanity.**

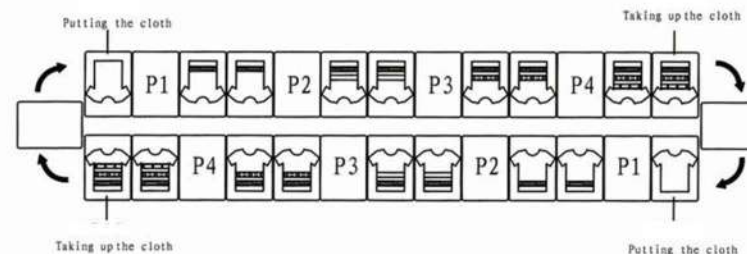

Note :

Due to keeping innovation, the specification and Machine pictures or color are subject to alteration without notice!

Contoh Hasil Product:

MAIN SPECIFICATION					
Model	WTKY-8/28	WTKY-10/34	WTKY-12/40	WTKY-14/46	WTKY-16/52
Color/Station	8/28	10/34	12/40	14/46	16/52
Printing area	460x660mm		600mmx800mm		
Table Size	680x945mm		610mmx860mm		
Frame size	500-1000pcs/hr		820mmx1150mm		
Power	Three-phase 380V 50Hz 6.5kw-9kw
