

LC-HR36UV-3

Full Auto Single Color Soft Tube Screen Printing Machine

This machine is special for 3 color printing of soft tube, bottle cap and which is similar with the special plastics container. The Max printing speed is 3000pcs/ hour. This machine combine with: advanced PLC, touch operation screen and display control system, fiber digital servo system (the second printing), automatic feeding and unloading conveyer system, flame treatment system, high/low speed mechanical sync transport system, automatic alignment function, and "not work piece not printing" sensor, diagonal mechanical printing fix system.

Synchronization with rotating mechanical transmission system, the printing position on the pieces of the pipe to complete one revolution around the machine three-color printing, combined with the optional automatic transmission on a large-capacity feeder composed of a high-speed production lines. The improvement in design and equipment will be able to meet a variety of containers (such as round, flat, flat bottles, etc.) in particular, is a special container (such as hoses, caps, etc.) required to achieve the best printing quality.

Item	Specification
Max printing speed	3000 pcs/hour
Printing area	236mm x 170mm (Φ75mm)
Size of printing object	Dia. 10mm ~ Φ75mm 20mm ~ 200mm
Power supply	380V 50 MHz
machine size	2400mm x 3000 mm x 2700 mm
Machine weigh	2000 Kg
Power consumption	12 KW
