

Textile Industry Cutting Machine

Machine Advantages

1. Operation is easy, scanning device import the drawing of card bord , or CAD system. importing ne button , cutting automatically
2. Super nesting software, material savings of more than 10%.
3. Can work 24 hours continuously.
4. Machine cutting efficiency is five times more than manual cutting.
5. Tasteless and environment protection intelligent cutting, low noise, then improve working environment.
6. High precise cutting, meeting the more higher requirement of customers.

Technical Parameters

Model	A0L-1625ZS A0L-1825ZS A0L-2125ZS	Total Power	11KW
Processing Area	1600X2500mm 1800X2500mm 2100X2500mm	Repeatability	±0.05mm
Multi-Function tools	Oscillating knife , Drive rotary knife , punching Knife etc	Cutting Thickness	≈50mm
Interface	USB, Enternet port	Material Fixing	Vacuum Adsorption
Cutting Speed	0-1000mm/s	Rated Voltage	380V±10%/220V±10%/Optional
Format	PLT, DXF, AI, etc	Transmission Method	Imported servo motor from Japan , Linear Linear Guide
Suitable material	Flexible materials such as velvet, artificial wool, fur, fleece, sheep shearing, etc.
