

Features:

1. This machine is suitable for lasting the shoes with general and soft middle soles and with the heels less than 180
2. This machine is equipped with the lasting height micro switch, which makes the machine easily adjusted and finds position accurate.
3. We have full sizes of wipers and forming bands, which fit and shape of shoes. The forming bands are wrapped by chain and can accordingly produce a good forming effect.
4. The machine adopts gear racks and ratchets to quickly and precisely adjust the auxiliary supporter.
5. The second time and pressing of the last supporter works with the wiper-heating device to increase the lasting effect. It smooths thin areas and upgrade the quality of the shoes.
6. Special design of rising oilway of shoe tree holder controls completely the shoe tree in the set position course of upper-binding.
7. Hydraulic pressure, more power and steady working.

Machine Model	YT-727N
Voltage	380V/50HZ
Power	2kW
Color	Gray or blue
Capacity	2000 Pairs/ 8hours
Package Dimension	1300x1000x1580mm
Package Weight	550kg

Note :

Due to keeping innovation, the specification and Machine pictures or color are subject to alteration without notice!
