The machine is suitable to compact dragon boat shoes, walled sports shoes and other low cutter shoes as well as high – heeled shoes. Through appropriate operating system, compacting of bottom, side and counter as well as toe can reach the effect of shaping by one machine.

FEATURES

1. Full hydraulic design, high pressure and solid installation.
2. Toe spring can adjusted freely to reach the optimum laying effect.
3. Auto balance pressure bar design is adopted so that sole can bear pressure evenly without any gap.
4. It can fit any high – heeled women's shoes and men's shoes of any size.
5. It is easy and convenient to operate and features energy saving and high efficiency.
