

Mechatronics Training Series (FA Series)

DLFA-5DPR-A Five Axes Pneumatic Manipulator Training Set

4mm cable

AIR

pneumatic

Note :

Due to keeping innovation, the specification and Machine pictures or color are subject to alteration without notice!

Overview

- The system is composed of aluminium platform, manipulator and operation parts.
- The system combines pneumatic system, sensor system, electrical control circuit, microcontroller programming, GRAF language program, PC debugging to be a complete system. Work process-oriented, work integrated learning mode to complete a variety of training
- Three control methods: MCU, PC and PLC (without PLC). TO change control methods by knob.

Technical Parameter

- Dimension : 760×580×1366mm
- Input power : single-phase, three-wire
AC 220V±10% 50Hz/60Hz
- Output power : DC 24V safety terminal output
- Capacity : ≤200VA
